

LEVEL 3 UPDATE

Here is the summary of the changes made to **Supersonics Piano Method Level Three**. I remodeled this level quite extensively.

- I replaced many of the “harder” pieces with “easier” introductory pieces. This makes the transition into each new key group smoother. All the pieces I removed are now featured as supplementary pieces in Supersonics Plus.
- I added a creative stream that runs through the entire book. Each module now has a composition task.
- I added study notes for each Module.
- I added detailed instructions for the “pop chord” pieces.
- I made sure that all major practical and theoretical concepts featured in the Grade One practical and theory exams of the major international examining boards were featured in this book.

MODULE	PIECES ADDED	PIECES REMOVED/MOVED
Module 23	Creative Task	“Botany Bay”
	“You Shall Go No More”	“Sonatina”
	“Little Sonata”	
	“Quadrille”
